# ROMA 4.3.8 – Release Notes

## Sep 13, 2020

# Contents

- 1. Assessment Enhancements – New Look..... 3
- 2. Bug Fixes ..... 4

# 1. Assessments – New Design

## What?

The following assessments are now available in a new look:

### Japanese

- System Management
- Following Assessment
- Job Performance Personality Inventory

### Vietnamese

- Multi-tasking and alertness

### Dutch

- Multi-tasking and alertness

## Why?

Now the candidate can do the assessment in a new look with more ease.

## 2. Bug Fixes

### What?

Along with the new features being added to ROMA with the new releases, we are always keen to resolve incidents / bugs found to ensure a smooth user experience or make our platform a robust and reliable one.

We will be communicating with all clients providing all the details of the bugs that were resolved specific to them as part of 4.3.8 release.

We truly hope you love ROMA 4.3.8

Thank you
