ROMA 4.5.9 – Release Notes

Mar 2, 2023

Contents

1. Bug Fixes 3

1. Bug Fixes

What?

We have addressed most critical incident / bug (.msg format issue) to ensure a smooth user experience or make our platform a robust and reliable one. We will be communicating with all clients providing all the details of the bugs that were resolved specific to them as part of 4.5.9 release.

We truly hope you love ROMA 4.5.9 😊

Thank you
